PADI Drysuit Certification

The PADI Dry Suit Specialty will train divers in the proper use of a dry suit. Dry suits enable divers to experience diving in colder waters which can be some of the best diving in the world.

This course starts off with a self-study element which includes a book and video package. One night of confined water practice will be conducted in a local pool, usually the week prior to open water weekend*. After completing the self-study and pool session, we'll take you out into Resurrection Bay, AK on our 43 foot charter boat *Bottom Time*. Here you will do at least 2 dives and enjoy the wonders of diving in cold water while staying warm.

All equipment including tanks, BCDs, drysuits, weights and regulators can be provided for \$99/day or \$125 for the weekend**. The personal items you will need to purchase are mask, snorkel, fins, booties and gloves.

Tuition: \$199.00
Materials: \$57.00
Gear rental: \$99.00 or \$125.00
Boat fees: \$137.50/day

Package deal: \$455.00!

We hope to see you in the water soon!

*Without recent experience we may require an additional pool session prior to dry suit training.

**Items may be rented individually with prorated pricing.
