How can we help? (Please be specific what you would like done.)
<small>(If you need more space, please use the back or a separate page. If there are any known issues (leak, bad bladder, power inflator is jammed full of Vegan Crunchy Peanut Butter <i>again</i>, OPV is sticking, etc), please let us know.</small>

**\*We will attempt to confirm service work with a quote prior to commencing work. This is a courtesy, and unless the required work is outside the normal pricing or scope of service we expect to see, we reserve the right to start work without receiving confirmation. By sending your equipment in, there is an implied contract that you would like us to service it, within reason.**

**\*Please provide payment information below. No repair can begin without payment information. We trust *you*; just not the last person. ;)**

**\*Rush service is available for an additional fee. See website for details.**

**\*Please only send items that are going to be worked on. Please do not send bags, accessories, extras, etc. If sending standalone equipment (second stages, FFMs, transmitters, etc) that require other equipment to test, tune, service, or pair, please send those items or call in advance.**

**\*Please ship all items via a tracked and insured carrier service. Dive Alaska takes no responsibility for inbound or outbound packages.**
